- **Mining Indaba**

Mr. Anthony Milewski will be participating on the panel *Battery metals: What do car makers and battery manufacturers want over the next 10 years and how should the mining sector change to meet their needs?*, at 3:10 pm SAST, on Monday February 4, 2019; and, on the panel *Discussing the importance of ethical cobalt mining in the DRC for bringing the EV & battery industry forward*, at 3:00 pm SAST, on Tuesday February 5, at Mining Indaba to be held in Cape Town, South Africa, on February 4<sup>th</sup> through 7<sup>th</sup> 2019.

### **About Cobalt 27 Capital Corp.**

Cobalt 27 Capital Corp. is a leading battery metals streaming company offering exposure to metals integral to key technologies of the electric vehicle and energy storage markets. The Company owns 2,905.7 Mt of physical cobalt and a 32.6% Cobalt Stream on Vale's world-class Voisey's Bay mine, beginning in 2021. Cobalt 27 is undertaking a friendly acquisition of Highlands Pacific which is expected to add increased attributable nickel and cobalt production from the long-life, world-class Ramu Mine. The Company also manages a portfolio of ten royalties and intends to continue to invest in a cobalt-nickel-lithium-focused portfolio of streams, royalties and direct interests in mineral properties containing battery metals.
